Gas Ration Books on November 12-13-14

All Automobile Owners to Sign at Schools: Forms Are Now Ready for Owners

Every automobile and motorcycle owner in Randall county must register at the school houses on Nov. 12, 13, 14 and receive gas ration books.

Form 534 is now available at the Ration Office and at all Service Stations. This form must be made out by car owners before they go to the school houses to register. Ownership papers must be taken to the school house and the application signed by the actual owner.

Each car owner will receive a ration book with 32 coupons, good for 4 gallons each. The basis is 240 miles per month.

When form 534 is presented at the school house, with the tire inspection record complete, the car owner will receive the ration book, a sticker for his car, and the tire record returned so that he may have regular tire inspections. Every car must be inspected at a qualified service station by Jan. 31, 1943, and every four months afterward.

When registering, each car owner must certify that he has sold back to the government all in excess of five casings for each car he owns.

Gasoline rationing is effective Nov. 22. A speed of 35 miles per hour is the limit, and ration books will be taken up when that speed is violated.

Joe H. Drennan of OPA was here yesterday to explain the new gasoline set up to local citizens who will register and handle gas rationing.

Mr. Drennan states that every car owner will receive the Class A coupon book when his papers are correct. If he needs additional gasoline, he must make out an additional blank and present it to the gasoline ration board. It is estimated that fully 75% of the people of this section will be entitled to addidional gasoline, but they must make their needs clear to the local board.

There is no shortage of gasoline in the Southwest, but rationing is the only method of preserving needed tires.

Separate books for trucks and non-highway use will be issued by the local committee.

Marion S. Bishir Joins Army Air Plane Specialist

M. S. BISHIR

Marion S. Bishir has enlisted in the army and is at Fort Sill this week. According to word to Mrs. Bishir, he expects to be home over the week end to close up his business. He will likely be assigned to the air corps school at Lubbock on the technical staff.

Mr. Bishir is owner of the Bishir Auto Shop. He will close the shop for the duration. He is one of the best known mechanics in West Texas and will make a valuable instructor to any school to which he may be assigned.

Marion has been president of the Canyon Rotary Club since July 1st. He is a director of the Chamber of Commerce and has always taken an active interest in civic affairs. He was a technical sergeant in World War I.

Mrs. Bishir teaches in the Canyon grade school. She and their daughter, Peggy, will continue to live here.

Packages For Men Overseas by First November

The deadline for sending parcels overseas is next Saturday.

The Army and Navy Departments have stated that no food should be enclosed in parcels mailed to members of the armed forces overseas. Crums or other matter escaping from the parcels attract vermin, and for the further reason that the armed forces are amply supplied with food.

While the notice regarding Christmas mailing for members of the armed forces abroad mentioned a shoe box, it was done so only to indicate the maximum size desirable and not with the thought that an actual shoebox would be used for such parcels. Pasteboard shoe boxes are not strong enough for this purpose.

The maximum limit of pounds in parcel post is 11 pounds. However, the Army and Navy Departments ask that the parcels for overseas be five or six pounds.

Curb Service Is Being Cut Off in Many Businesses

Curb service is being eliminated by many local business firms because of the shortage of labor.

This extra service has been eliminated in many stores during the past week, and others are expected to follow.

Curb service was started as an extra courtesy to customers during the depression. It is now found that the service cannot be maintained by many establishments.

Former Citizen Dies at Lubbock

Funeral services were held Thursday for Mrs. W. T. Hester of Lubbock, formerly of Canyon. She was 78 years of age.

Interment was in the Memorial Park Cemetery at Lubbock.

Surviving are her sons: Wyatt L. Hester of Lubbock, Robert H. Hester of Levelland, Elbert Hester of Houston, Elmer Hester of Austin, and daughters: Mrs. G. I. Kempson and Mrs. C. W. Walters of Brownfield, Mrs. H. A. Bates of New House and Miss Hadena Hester of Lubbock.

Mrs. Hester lived here many years while her children attended West Texas State College. Mr. Hester passed away in February.

More Room Being Arranged for the County Agent

More room is being provided for the County Agent's office in the court house by closing the north section of the lobby on the first floor. The court house has four entrances, and the north one will be closed in providing this additional space.

The work of the County Agent has multiplied several times in recent years, and now truck regulation has been added as a new department of the agent's work.

The north doors will remain in place, but an outside window will be built over this entrance.

The door to the boiler room will be closed and another entrance provided. A door will connect the new room with the offices of the County Agent.

The court house is practically filled due to the new departments which have been added as a result of the war, and this move was deemed necessary when the Commissioners Court met Monday afternoon to study the room situation.

County Over Top in Sale of War Bonds in Month

Randall county is over the top again in the sale of War Bonds.

The quota for October was $20,400 and the total sales up to Tuesday night was $22,547.25, according to R. H. Wright, county chairman.

This is an excess of $2,147.25 for the month of October. The above sales do not include sales of bonds made directly by the government to local citizens, or of bonds sold to Randall county citizens outside of Canyon.

Overseas Air Mail Now Go For 6c

Mail addressed outside Continental U. S. to both civilians and members of the armed forces will now go at the rate of six cents for ½ ounce for air mail, according to word received by Postmaster Guy Harp.

This affects only mail that is addressed in care of an Army or Navy postoffice.

Lt. and Mrs. Warren Lockhart of Nashville, Tenn., spent last week here at the parental Tom Slack home. Lt. Lockhart is a transport pilot.

Old Residents To Be Guests

Informal Party to Be Homecoming Feature—Free Movies Are Scheduled

A large portion of West Texas State's program for November 7 might be called "A Homecoming for Home Folks."

At a time when it will not be possible for ex-students to come in large numbers, the College is stressing the home-town angle this year. President J. A. Hill and Boone McClure are planning an informal party at Cousins Hall in the evening, when special guests will be Canyon residents who were here when the college opened in 1910. A special invitation to this group will be issued by Dr. Hill.

This party, starting at 9 p. m., will include games like checkers, dominoes, "42," and bridge, which will be supplemented by serving of refreshments and singing of songs. A special feature will be the showing of sound motion pictures thruout the evening in the ballroom. Some of these will be in color. They will concern the fighting fronts, war factories, and countries of South America.

A picture of the longtime Canyon residents will be made during the early evening.

Students and recent graduates will, at the same time, enjoy a Sadie Hawkins-western dance in Burton Gymnasium.

Starting at 8 p. m. will be an elaborately staged patriotic pageant written by Mrs. J. A. Hill. This was produced for a downstate convention recently.

The football game of the day, starting at 2:30 p. m., will be between the Buffaloes and Hardin-Simmons University Cowboys.

Youngsters Asked Not to Destroy as Hallowe'en Prank

Boys and girls of Canyon are urged not to destroy or mutilate property on Hallowe'en.

Extra policemen will be on duty Saturday night, but city officers hope that the youngsters will be on their honor not to destroy property this year.

In years past car casings have been ruined; windows soaped; cars abused; signs torn down; fences mutilated and other things which the young people thought was fun.

Mayor W. A. Warren states that the city has issued orders to the extra police to arrest all who destroy, but he hopes that youngsters will desist from their usual pranks and enjoy a sane Hallowe'en this year.

Several Spare Tires Turned in to Government

A large number of extra tires have been turned in by Randall county citizens.

The tires are taken by the owners of the express office and shipped to the government depot at Amarillo. The tires are valued by experts and the owners paid by the government.

Every casing above five for each car must be turned in. Gasoline ration books may not be secured until extra casings are turned in to the government.

Mrs. Higdon Gives Flowers to Office

Mrs. C. A. Higdon brought a lovely bouquet of flowers to the News office last week. Marigolds, silver king, prince feather, baby's breath, zenias and snapdragons made up the bouquet. She stated that she had a large garden of flowers this year.

Mrs. W. S. Myers and Mrs. J. D. Price of Plainview left Friday for Dallas where Mrs. Myers will spend two weeks.

Election Is Next Tuesday

Nursing Class Will Organize

Many Randall Citizens Ask For Course; 17 from Umbarger Want Places

Classes for home nursing will be organized next Wednesday afternoon, November 4, at 3 o'clock at the Red Cross room on the west side of the square. At that time it is requested that all who wish to take the course shall meet.

Mrs. C. A. Murray states that she had many requests for places in the training classes. Among the requests are 17 women from the Umbarger community who ask for the training. Mrs. Murray urges that all who are interested in the course shall telephone her at once, and then attend the meeting for organization next Wednesday.

Mrs. John Guthrie, Jr., a registered nurse and qualified Red Cross nurse, has been secured to teach the course. Classes will be conducted for six weeks, two lessons per week for two hour periods.

This course is sponsored by the Red Cross due to the shortage of doctors and nurses throughout the nation.

Men Leave Today and Friday For Service in Army

A group of 15 men will leave this afternoon for Lubbock to take their physical examination for the army. The call is for 31 men, but the balance of the men have volunteered and will be credited to the call.

Elmo Murry Wesley and Benjamin Franklin Thigpen will leave Friday morning for Fort Sill to begin their military service.

There has been a large number of volunteers during the past week. The following is the list.

Marion Samuel Bishir, air corps specialist.

Robert George Helfer, 2nd Lieut. in Medical Administrative Corps.

James Marshall Wheat, Jr., air corps.

Howard Boling reported to the air corps Thursday.

Henry Mercer Parker, Jr., air corps.

Roy Joe Stevens, air corps.

Thomas Warner Buell, air corps.

Charles Howard Jackson, navy.

Edward Roy Read, air corps.

Cecil Edmund Burgess, naval reserve.

Tire Inspectors for Umbarger, Edgefield

The local Rationing Board will appoint tire inspectors of Umbarger and for South Amarillo, according to W. J. Wooten.

These inspectors will be named in order to facilitate citizens in those parts of the county.

A son, Cecil Glen Moore, was born to Mr. and Mrs. Frank Edwin Moore, Oct. 3.

Mr. and Mrs. Jack Malone of San Diego, Calif., arrived Sunday to visit her parents, Mr. and Mrs. Guy B. Tabor.

Truck Owners Must Get Papers Now

Only About Half of Truck Owners Have Completed Papers: Close in Nov. 15

All truck owners in Randall county who have not received application blanks from Detroit by Saturday are urged to report to the County Agent's office.

The law provides that trucks which have not completed their applications by Nov. 5 will be unable to operate.

Truck applications are being filled in the jury room on the third floor of the court house. Only about half of the truck owners of the county have completed their applications, stated County Agent W. H. Upchurch.

Mr. Upchurch wishes to impress upon truck owners that this registration has nothing to do with gasoline rationing, and truck owners should not go to the school houses to secure their gasoline certificates on Nov. 12, 13, 14.

A national office for truck control has been set up at Detroit. The system is a war necessity and every truck in the nation must be registered.

A force of volunteers is working daily on the third floor of the court house assisting truck owners in filling out their blanks.

Light Frost on Plains Does No Harm Vegetation

A rather heavy frost was found Tuesday morning, but very little damage has been reported to green vegetation.

The temperature dropped Saturday to within a few degrees of freezing, but the temperature quickly moderated.

Farmers are pleased that a freeze has been delayed until the row chop could be saved. The ground is dried so that the grain crop is being cut.

Another Car of Junk Is About Ready to Ship

Another car of scrap metal is ready to ship and will go out in a few days, states A. A. Kirkpatrick. He has not received shipping orders as to the destination of this car.

Scrap iron is coming in rapidly. The first of the week brought in another big bunch of scrap iron.

Miss May Cowling Died at Denton

Word was received Monday of the death of a former Canyon resident, Miss May Cowling. Miss Cowling was the daughter of the late L. E. Cowling and Mrs. Cowling. Mr. Cowling died several months ago and Mrs. Cowling had made her home with her daughter at Denton.

Miss Cowling was a teacher in the North Texas State College. She was a member of the first class to enroll in West Texas State and has many friends here.

Mr. Cowling was a member of the local board, together with L. T. Lester and R. A. Terrill, both deceased.

Father and Son Team Up to Win Over the Axis

CPL. GEO. SCHAEFFER AND SON, PVT. DEAN SCHAEFFER

Two of Randall county's soldiers were home last week to spend the week-end. This is the first instance of a father and son joining the army from Randall county.

Cpl. George Schaeffer served in the first World War. He was a prominent farmer and probably would never have been called into service. He wanted to beat his son into service, and volunteered a few days before Dean went into the army under Selective Service.

Delay in 18-19 Year Draft Bill by Amendment

Young men of the 18-19 age group will not be eligible for military service for several more days.

The Senate passed the bill Saturday, but accepted an amendment by Senator W. Lee O'Daniel which prohibited the use of men for foreign service who did not have at least a year's training.

The bill went back to the House and will be worked out in conference. Due to the fact that only a few House members are in Washington this week, the conference report must go over until next week.

President Roosevelt and army officers objected to this provision as an unnecessary handicap imposed upon the War Department in its effort to win the war. It is predicted that the amendment will be eliminated, but the bill will be held up for about two weeks before becoming effective.

Special Discount on Taxes Ends on Last Day October

Saturday is the last day on which 3% discount will be allowed on the payment of State and County taxes.

This discount rate prevails only during the month of October.

During November the rate of discount drops to 2% on taxes paid; and during December the discount is only 1%.

Little Interest In The Election

Five Amendments at the Bottom of Ballot: Vote in Canyon at Red Cross Room

Randall county citizens will vote in the general election next Tuesday. How many will take time to go to the polls is problematical. There has been only four calls for absentee ballots from this county. Very few citizens have expressed much interest in the election.

It is expected that the Democratic ticket will receive about 98% of the vote cast in Texas next Tuesday. The Republican candidate for Governor has made a trip over the state but says that he does not expect to receive many votes.

There is no opposition to the County and District candidates of the Democratic party.

Five constitutional amendments will be voted upon in this election.

It is reported from Austin that so little interest has been taken in these amendments that all may be defeated.

The first amendment provides for a new fiscal setup of the state. While this amendment is being sponsored by several organizations, there is much opposition to it from other quarters.

The second amendment proposes to pay for a building at John Tarlton College. The building was built by a deficiency warrant, issued by a former governor. The debt is a just one against the state, but it is feared that this amendment is a bad precedent.

The third amendment provides for additional courts in the four big counties of the state. Laymen wonder why more courts are needed when the present courts work only about half time.

The fourth amendment provides that the state may pay the salaries of army and navy officers assigned to state institutions. While the amendment would be of benefit after the war, if ROTC units were established, there is no use for this provision now.

The fifth amendment provides that the state may build a $2,000,000 office building by borrowing the money from the permanent school fund, and repay the loan out of the $120,000 now being paid out for rents annually. This is a self-liquidating proposition. The difficulty is that the building could not be erected now, but the amendment would be dead at the end of five years if the building had not been started. The amendment is the best of the lot, since the state certainly needs an office building.

The election in Canyon will be held at the Red Cross room on the west side.

The following will be the judges for the various precincts:

No. 1, J. A. Guthrie.
No. 2, J. J. Leavitt.
No. 3, L. L. Byars.
No. 4, Emil Schaeffer.
No. 5, J. E. Park.
No. 6, M. L. Mickaelis.
No. 7, Geo. E. Mason.
No. 8, W. P. Janssen.
No. 9, Henry M. Beverly.
No. 14, C. B. Erwin.

No Special Rate This Year on the Local Newspapers

Owing to the rapid increase in newspaper prices during the past 15 months, the Canyon News is not putting on the bargain rates which we have had in past years. Newspaper publishers have been hit hard by the rapid increase in prices, and all weeklies have been forced to increase subscription rates.

While many weekly newspapers have adopted a rate of $2.00 in the county of publication and $2.50 for territory outside the county of publication. The Canyon News is only asking its regular subscription rate of $1.50 in Randall and adjoining counties, and $2.00 for territory outside of the above.

Notices have been mailed to all whose subscriptions expire soon, and scores of readers are renewing every week. Attractive combination subscription rates are available for all daily newspapers and magazines.

McCoy Brothers Are In Solomon Islands

Mrs. R. B. McCoy has received word that two of her sons, Cecil and Ray are in the Solomon Islands. It was the first time in six months that she had heard from Cecil. Ray and Cecil are in the Marines. Ray's twin brother, Roy, also a Marine, is stationed at Dallas as a mechanic.

SELLING CANYON TO CANYON PEOPLE

The biggest job of selling confronting the people of Canyon is to sell the advantages of Canyon to Canyon people.

Greener pastures are always just over the hill. The other fellow always has an easier job than we do. There are always more attractions in the other town than you will find at home. The people in our neighboring towns are much more friendly than our neighbors. The churches of so-and-such-town are much better and the preachers are greater than we have at home. The schools in Mr. so-and-so's town are greatly superior to ours. The attractions of our town cannot compare with the attractions of those found elsewhere. The business men of our town are not so aggressive, and their stocks of goods are not so attractive as those found in the town of our neighbors — and of course the prices at home are higher than the prices found elsewhere.

All of the above are the stock phrases which you will hear from the fellow who justifies himself in knocking his home town by praising the neighboring town. He may not consider that he is knocking his home town, and would be offended if he were dubbed a "home-town knocker." But when any citizen of Canyon fails to praise the institutions of Canyon and to patronize the institutions of Canyon, he becomes a booster for the other town at the expense of Canyon. Can you figure it out any other way?

Here is the truth, pure and simple: You can stick out your chest and proclaim to the cock-eyed world that Canyon is a dandy place in which to live; that Canyon is one of the finest places in the Southwest when it comes to recreation and education; that the churches and schools of Canyon cannot be excelled; that the business institutions of Canyon would be a credit to a town twice its size.

What Canyon needs more than anything else is 3,000 boosters.

If every citizen of Canyon can be made to realize the advantages of his home town, and will become a booster for his home, Canyon will start on the up grade at a very rapid speed.

"When I cease to be a booster for Canyon, I am going to move," stated a retired man the other day who came here to enjoy the advantages of Canyon.

If every citizen of Canyon will become a booster, like this man, miracles will be wrought in a very short time.

One of the big arguments in Washington is the distribution of manpower. Many industries are being hit hard by the shortage of men. There is hardly a line of business which has not been crippled by the war. War plants are calling for more and more men; the army is taking men by the thousands; the farmers cannot operate with their present manpower. Congress is taking notice of the situation and Paul V. McNutt, head of the manpower division, is asking for power to move men from non-essential jobes over to war jobs. In the meanwhile, war plants are being urged to replace men of military age with women and older men. It is stated that the average age of war workers is less than 28 years. Those men who got jobs in war plants in the early months of the war and are really making hands at their work will hardly be removed. But those who jumped into war jobs only for the purpose of evading military service should be pulled out of their easy jobs and sent for military service. Congress has a real job ahead to satisfy the war needs of manpower.

War necessities is making a lot of changes in business. Hitherto the customer expected to drive up to the curb, blast his horn and receive sudden service. This was extra service, but a severe drain on the business institution. Many a person has driven up to a drug store, called for a postage stamp and asked the merchant to charge it. The deal cost the store real money, but the citizen thought he was entitled to such foolish extra service. But we are finding out that this extra service must be eliminated. Most business firms are finding that curb service must be eliminated. It is hard enough to get enough help to run a business within a store building, let alone trying to run a business which covers a curb of a 100 feet or more. Do not ask for curb service. It is a useless luxury.

Members of the Texas Legislature are holding meetings for the purpose of determining in advance of the opening of the regular session in January what steps may be taken for economy. Some of the members are holding unofficial meetings and calling in heads of the state departments. The idea is to eliminate non-essential expenses and non-essential jobs. It is going to be impossible to secure appropriations for any department which does not show its worth to the state. One thing should be certain in this move for economy: The legislature should not reduce salaries of necessary employees. With the need for trained men and women in war work, it would be tragic for the state to force good employees to leave their present jobs in order to go to work for the federal government.

When the United Nations finally win this war, historians will no doubt give the greatest credit for victory to the Russians. Had not the Russians stopped the Germans and held them for nearly two years, Hitler could have taken Africa by this time; had all the oil he wanted from the Russian fields; helped Japan run the United Nations out of Asia and the Pacific; reached safe footholds in South America. Russia has held the Germans while we were getting our powerful army and navy ready for action. Our isolationists kept this nation from preparing when all military men knew without question that Hitler would be knocking at our door if he succeeded in taking Europe.

Senator Josh Lee of Oklahoma tried to include in the 18-19 year old draft law a provision for making dry territory around army camps. Both the army and navy objected. Officers claim that so far as the men are concerned they can handle the situation of excess drinking. They object to attempting to patrol cities in which camps are located in order to fore prohibition on civilians. Senator Lee promises to be the ardent champion of prohibition to take the place of the late Senator Morris Sheppard. He was defeated in the first round, but will be back with other proposals.

Congress will not get the bill passed to include 18-19 year old boys in the armed forces before the election. The House passed the bill and the members rushed home to look after their political fences. The Senate finally passed the bill Saturday night, but made so many changes that a conference report will be necessary. There is not a sufficient number of Representatives in Washington to finish the bill this week. In the meanwhile, thousands of boys are rushing to enlistment stations.

The most tragic thing which has shown up in the war during recent months is the punishment of war prisoners. The Germans started this, and now the United Nations are punishing prisoners in retaliation. It is inhuman and certainly those who are responsible should be punished after the war. To be thrown in a prison camp on either side is bad enough. Most men will prefer death to being taken prisoner if this thing keeps on.

Every family in Randall county should have one or more members enrolled in the home nursing course which will start soon in Canyon. If no epidemic comes with the war, the need will not be great for such a course. With so many doctors and nurses entering the armed services, those of us who remain at home must be able to take care of ourselves more than we have in the past.

Go to the polls next Tuesday and vote in the general election. Do not fail to vote on the five constitutional amendments at the bottom of the ballot. There has been little discussion of these amendments, as no one seems to think that the amendments are of any particular need. However, every voter should study the proposals and then express his opinion at the polls.

Dahlias Hold Campus Interest

Each morning local residents look anxiously at the trial grounds of the Southwestern Dahlia Society to learn whether Jack Frost has ended the reign of beauty at the campus garden. And many students, like Arvella Davis (above), freshman from Earth, may be found enjoying the variety of color, size, and form in the blossoms. Recently plots of chrysanthemums have added much to the beauty of the trial grounds.

THE well-dressed woman will wear overalls—willingly—to care for her country's cars. And on her civilian duties she doesn't go faster than 35—same as all other patriots. 35 gets you there without undue wear. But there's another battlefront against wear at exactly 00 miles per hour!

When your car's stock-still, with the engine starting cold, what's faster—your Winter oil or rampant Friction? You can have hopes—or you can have your engine OIL-PLATED by the quick simple change to Conoco N*th* motor oil. Enriched by an added synthetic, this patented Conoco N*th* oil seems to "magnetize" OIL-PLATING to inner engine surfaces as closely as durable plating on bumpers.

Where does any good plating go during all-day parking or overnight? It doesn't go. It stays. And neither does OIL-PLATING all go draining down to the crankcase at every chance. Long hours after you stop—long minutes before any oil from below could climb all the way up—the OIL-PLATING that's stayed up can be easing cold starts. This faithful OIL-PLATING is still there at 35, of course, aiding the high-duty liquid film of N*th* oil to keep wear that much farther away.

Not much chance now of changing to a new car. Smart strategy is changing to an OIL-PLATED engine. Get Conoco N*th* oil for Winter at Your Mileage Merchant's Conoco station. Continental Oil Company

Luckless Aggies Next for Buffs

Desperate New Mexico Club Hoping to Close Its Losing Habit

It's a case of little rest and gone again for the West Texas Buffaloes, who after a trip to Arizona last week-end will seek their fourth Border Conference victory Saturday afternoon against the New Mexico Aggies in Las Cruces.

Thus far fate has frowned on the Aggies, losers to Arizona U. 53-0 and to McMurry 12-0, but an advantage on paper won't help the Buffs. The New Mexico lads are rested and eager for a win.

Dempsey, 185-pound right end, is the man to watch at A. & M. In two games this tall end did everything but carry the water, tearing up plays on defense, catching a touchdown pass, throwing four completed passes, carrying the ball twice to average 6.5 yards, and punting 50 and 60 yards from scrimmage. Real talent in the A. & M backfield includes Wilborn, 165-pound fullback, who catches Dempsey's passes and is a fast and shifty runner.

An experienced Buffalo line, led by Forbus and Thomas, has been gaining power with every game and backfield reserves are improving fast. Healing of some old injuries has returned several of Coach Gus Miller's boys to the line-up. The squad should be at top strength for the New Mexico invasion.

The two teams will be about even as to weight.

Probable starting line-ups:

West Texas	N. M. Aggies
LE—Curb	Krunch
LT—Thomas	Maxwell
LG—Rampley	Burke
C—White	Smith
RG—Forbus	Thompson
RT—Love	Logan
RE—Emler	Dempsey
QB—Anderson	Croft
LH—Winter	Sorenson
RH—Castleberry	Johnson
FB—McMahan	Wilborn

Teague, Roy Schultz, Alva Finck, Cecil Dearman, Willis Hedges, Willard Hedges, Glen Bunch, Assistant Coach W. WW. Nicklaus. The dog (held by Bradford), "Alfalfa", team mascot.

Buffs Prune Arizona State at Flagstaff

LeRoy Reeves and Doyle Ford Figure in Fourth Straight Grid Victory

West Texas State maintained her fast pace on the gridiron Saturday by defeating Arizona State at Flagstaff, 27 to 7, in a Border Conference game.

The Buffaloes came through without injuries, according to a telegram from Coach Gus Miller.

LeRoy Reeves, Childress freshman who is West Texas State's No. 1 offensive player at present, came through with touchdown sprints of 50 and 30 yards and in addition hurled a 40-yard touchdown pass to Leslie Curb, Buff end. The other touchdown was engineered by Doyle Ford, who had been benched while a leg operation healed. Ford passed to Rufus Bradford, who ran to the Arizona State 8-yard line, then hurled a touchdown aerial to Buford Emler, end. J. W. Anderson made two conversions and Johnny Thomas made one.

The Lumberjack touchdown resulted from a long pass from Fullback Clyde Overson to Chelsley, an end. The latter lateraled to Halfback Bob Kelly, who raced to end zone unmolested. Floyd, a tackle, place-kicked the extra point.

The Buffs scored a pair of touchdowns in the second and fourth quarters. The Lumberjacks got theirs in the third. West Texas State made 15 first downs to 6 for the Lumberjacks and carried the ball 211 yards to 40 for the Arizona players. The West Texans completed 13 of 26 passes for 173 yards. The Flagstaff men completed 10 of 21 passes for 93 yards.

West Texas State has won four of five games played.

ATTENTION

SOYBEAN PRODUCERS

West Texas Cottonoil Co. at Littlefield has entered into a contract with the Commodity Credit Corporation to process soy beans; and in a short time (as soon as grading facilities can be obtained) will buy soy beans at support prices.

Soy beans must be sacked by the producer. New sacks, if needed, may be bought at actual cost from the oil mill who, in turn will buy them back at O. P. A. ceiling prices.

Each producer should immediately confer with his County Committeeman about the number of bags needed, based on about 100 lbs. per bag.

Uncle Sam Needs Your

SCRAP

Before the Snow Flies

We've all heard a lot lately about the need for scrap metal.

Probably you've already done something about it.

But every one of us has got to do more. *Much* more. AND DO IT QUICK!

Here's Why

This war is swallowing steel like a quicksand.

We need scrap metal to make steel . . . steel for *more* tanks . . . *more* planes . . . *more* ships . . . *more* guns . . . and *more* shells.

It's our job to supply our boys and allies with all these things they *must* have to smash the Axis on land, at sea, and in the air.

Scrap Is Precious

Steel for tanks, planes, ships, etc., is made by melting old scrap metal with pig iron—about half and half.

The pig iron is made from iron ore that comes from mines.

But that precious scrap—THAT'S got to come from us folks here on the Home Front.

What Is Scrap?

Scrap is ANY old thing, made out of iron or steel, that we don't absolutely need.

It is anything from a hairpin to a busted steam boiler . . . from a paper weight to a cracked rail.

It is old machinery, pipe, tools, flat-irons, auto parts, screws, nuts, bolts, bathtubs, lawnmowers, stoves, tanks, metal barrels, iron fences—and what have you.

Where Is It?

This old scrap is everywhere. It is in cellars, attics, closets, alleys, auto graveyards, fields, garages, barns, and factories.

We've all got SOME, be it little or much.

A typical town family is said to have about 70 pounds lying about; a farm family, nearly 750 pounds.

In ten months after Pearl Harbor the Santa Fe scraped together 210,716,000 pounds of scrap. A pound here, a ton there. That's how it mounts up.

Scrap Means Steel...Steel Means Victory
Sell It or Give It...But Get It In

Steel is the only language those bandits in Tokyo and Berlin understand. Let's give them plenty of talk . . . *in their language.*

Every county, city, and town is having a scrap drive. Watch your local newspapers on how to get in it. Sell what you have, or give it away—*but get it in!* And now's the time, before snow flies!

Your scrap can save American lives and help shorten this war. Every pound *you* turn in helps.

Campbell-Yelton Nuptials Read in Amarillo Sunday

The wedding of Miss Virginia Ruth Campbell to Lieut. Fred L. Yelton, Jr., of Washington, D. C., was solemnized at 3 o'clock Sunday afternoon at the home of the bride's parents, Mr. and Mrs. T. H. Campbell, 2800 Ong Street.

Dr. Earl G. Hamlett of the Polk Street Methodist Church officiated with a double ring ceremony.

The bride was attended by her sister, Miss Maxine Campbell.

Lieut. Dolph Lusk of Fort Riley, Kans., served as best man.

The bride wore a bridal cream, slipper satin dress, fashioned with a high neckline, rolled collar, fitted bodice and a flared skirt which fell into a long train. The bridal bouquet was of Johanna Hill roses and white orchids.

Mrs. Yelton was graduated from West Texas State High School, and attended West Texas State College where she was a member of Pi Omega sorority. She received her B. A. degree from Texas Tech in 1941.

Lieut. Yelton, son of Mr. and Mrs. Fred L. Yelton of Alamogordo, also was graduated from Tech in 1941.

Since graduation, the bride had been associated with her father in the First State Bank at Happy. The couple will be at home in Washington, D. C.

INTERMEDIATE GIRLS AUX. MET WITH MISS BOLING

The Intermediate Girls Auxiliary of the First Baptist Church met at the home of Dottieve Boling for a party instead of their regular meeting.

The group played games during the afternoon. Refreshments were served to Edna Lois Cone, Jean Ford, Johnnie Marie Ford, Billie Gill, Kathleen Hellier, Zorene Oldham, Billye Ponder, Pauline Ruthart, Mrs. Broughton Harden, Mascot Ronnie Harden and the hostesses, Miss Boling and Billie Lee Parker.

A. A. U. W. HELD STUDY MEETING

Members of the Canyon branch of the American Association of University Women will hold their first study meeting at the home of Miss Edna Graham, 502 Twentieth Street, Monday evening, Nov. 2, at 8 o'clock. Miss Graham will be assisted by Dr. Ima Barlow.

Three groups will convene for study at the beginning of the hour, and members will join the group of their choice.

In the field of international relations Miss Darthula Walker will direct a discussion of the New World Order.

Members interested in the drama will hear Miss Hellen Hickman read one of Maxwell Anderson's plays.

The book review group has invited Miss Fannie Malone to report on a number of recent best sellers in the field of fiction and non-fiction. From the list brought to the attention of the group, the books for intensive study will be selected.

Following the study meetings a general business session will be held with Miss Margaret Barrett, president, presiding.

The War Work Committee, with Dr. Hattie M. Anderson in charge, urges each member to come to the meeting equipped with needle, thimble, and a pair of scissors so that some Red Cross sewing can be done during the progress of the evening's program.

Women of the town who are eligible for either associate or national membership in the A. A. U. W. are cordially invited to affiliate with the local group.

MUSIC ARTS CLUB MET MONDAY EVENING

On Monday evening, October 19, the Music Arts Club met at the home of Misses Margaret Barrett and Maude Cuenod.

The business meeting was followed by the program of the evening in which Mrs. Newton Harrell presented some interesting sound pictures giving episodes in the lives of George Bizet and Giuseppe Verdi, with excerpts from some of the more famous operas of these composers.

Refreshments were served to Mrs. A. Kirk Knott, Mrs. Dan Sanders, Mrs. Harry Brown, Mrs. T. H. Knighton, Mrs. Tommie Montfort, Mrs. W. R. Clark, Mrs. Newton Harrell, Miss Isabel Robinson, and Miss Marie Fronabarger.

The next meeting will be on the third Monday in November.

T. E. L. CLASS MET MONDAY AFTERNOON

The regular monthly meeting of the T. E. L. class of the Baptist church was held at the church Monday afternoon.

J. C. Dowd gave the devotional. Prayer was given by Mrs. S. L. Terry.

A surprise kitchen shower was given Mrs. Terry, the T. E. L. teacher. Mrs. F. H. Campbell, who is moving to Amarillo, was given a handkerchief shower.

Cocoa and cakes were served to Mrs. Terry and Mrs. Campbell, guests, Mrs. M. E. Sorgee, Mrs. R. E. Gill, Mrs. George Small, Mrs. Charles Stratton, Mrs. W. T. Davis, Mrs. Dowd, Mrs. G. C. Cole, Mrs. Henry Cone, Mrs. G. B. Heath. Gifts were sent by Mrs. Henry Harden, Mrs. T. W. Langston, and Mrs. Henderson.

Coffee Ration To Be Effective

Lack of Shipping Space Is Responsible for Rationing of Coffee in United States

Coffee will be rationed starting at midnight, Nov. 28, at the rate of one pound every five weeks for each person over 15 years old, the Office of Price Administration announced Monday from Washington.

On the basis of 35 to 40 cups to the pound, the ration means slightly more than a cup a day per person.

Retail sales will be halted at midnight, Nov. 21, Price Administrator Leon Henderson, said, for a week-long freeze during which grocers will stock their shelves for the start of rationing.

The first rationed coffee will be purchased on the last stamp in the sugar ration book, stamp No. 28. Subsequent rations will be issued by working backwards through the sugar book, using stamps No. 28 to No. 19, in sequence.

The War Production board ordered OPA to take control of consumer distribution to assure an equal supply for all, Henderson said, and attributed the emergency action mainly to "excessive buying by consumers." Reports of hoarding, over-buying and runs on dealers' supplies have been reaching Washington from many cities for three weeks.

"There is no reason for anyone to run to the grocer, put the squeeze on him and try to force him to help a hoarder," Henderson declared. "There is absolutely no excuse for hoarding coffee at this time.

Eligibility will be determined by the age shown on war ration book No. 1—the sugar ration book. If the age shown when the book was issued in May was 15 or older, the holder is entitled to coffee rations; if 14 or younger, the book is not valid for coffee purchases. Use of the book for sugar will continue as in the past.

In the light of "normal" United States per capita consumption, the new yearly ration rate of 10.4 pounds for each of the country's 93,000,000 adults "certainly is not a drastic reduction," Henderson asserted. It compares, however, with 16 pounds per capita in 1941, the all time high consumption year.

Full details of beverage rationing, included the method of distribution to hotels, restaurants and other commercial users, will be given out in the next few days, OPA said.

Behind the whole problem is the shortage of shipping; there is ample coffee in Brazil, biggest U. S. source of imports, and at least normal supplies are in this country. However, even in normal times only a two or three months' supply is held in this country. Added to the shipping uncertainty is the steeply-mounting military demand and bigger civilian purchasing power.

However, WPB officials believed this country could have got along fairly well under informal rationing by grocers—"one pound to a customer"—had not the buying surge by householders developed.

Ghosts! Ghosts! Look Out For Them Friday!

Tomorrow night the play season of West Texas State College will open with a mystery-comedy "Ghost Wanted" by Guernsey Le Pelley.

If you will turn to the want ad section of this paper or refer to that section of last week's paper, you will note the advertisement which started all of the trouble.

As Hugo, the young man hired to be the ghost says to his manager, "After the carnival closed, could we go back to Portland and find a nice, quite little job of driving a truck? Oh, no. You have to get something unusual. You have to manage something. You have to promote something, so you can be the boss and have me for your stenographer. Ghost wanted! The paper was full of ads. Bookkeeper wanted; salesman wanted; diswasher wanted; butler wanted. But no . . . no . . . you have to answer the one, ghost wanted. You can't be normal. You can't be like an other inteligent human being."

And then the fun starts. Chucked with fun and thrills. A ghost appears which far out-ghosts their ghosts. There are screams; there are slamming doors; there are wierd light effects; there are laughs galore in this fast moving show.

Saturday night to emphasize the Hallowe'en spirit the curtain will not rise until 10 o'clock, giving the spirits a chance to walk the earth with those in the play. A recording dance will be held in the Education Auditorium from 8:30-9:45, and favors will be distributed after the show. All of this for 35 cents. Friday night prices will be, high school students 15 cents; adults 25 cents.

The members of the cast are: J. W. Taylor, Oliver Dobbs, Ala Gene Prichett, Peggy Bishir, Thelma Franz, Joe Davidson, Elizabeth McCaslin, Sam Johnson, Dorothea Prichard, Rosemary Hoare, Bernadine Phillips, H. R. Fulton and Jay Williamson.

However, due to the sudden illness which is keeping Sam Johnson in bed, the director of the show Dr. Seth A. Fessenden will pinch hit. This may be the only rare chance to see a professor play the part of a professor.

Mayor Warren Asks People to Plant Flowers, Shubbery

Mayor W. A. Warren spoke at the Canyon Rotary Club luncheon Tuesday urging the citizens to help keep Canyon clean, and to beautify the town during the coming year.

It is impossible for the city to put on a building program during the war, but it is necessary that we shall keep in repair our streets and improve our property. He hopes that every citizen shall clean up his premises this winter, and then in the spring plant trees, flowers and shrubbery. There is no reason why Canyon should not be the most beautiful town in West Texas if all citizens will cooperate.

Mr. Warren advanced another suggestion for the people—get acquainted with your neighbors. With gasoline rationing and limited rubber, citizens of Canyon should devote more time to visiting with their neighbors. Walk around town; drop in for a social chat and become acquainted with your neighbors.

Relative to the war, Mr. Warren quoted a military expert as advising the people to watch Northern Africa, especially Darak. Unless the Germans are able to win a decisive victory over the United Nations in Africa within a short time, Hitler will be eliminated much soon than most people realize.

Mr. Warren pointed to new government regulations for business firms. These regulations are imposed by Washington with the view of ending the war more quickly, and as such should be accepted cheerfully by the people.

Boone McClure announced that all citizens of Canyon who were here when the college opened in 1910 are urged to attend Homecoming Nov. 7. A special program will be given at Cousins Hall at 9 o'clock that night for these citizens.

Visitors were: Leroy Reeves and W. F. Haggard of W. T.; Dr. W. B. Stevenson, I. H. Davies, F. R. Barnes, E. Kancher, all of Amarillo.

West Texas Men Grow Fit

Some of the ways in which men of West Texas State are making themselves fit these days are shown above. Wall scaling, racing down logs, crawling under barriers, and jumping ditches are among the experiences of the college's obstacle course. Rope climbing, calesthenics, acrobatics, and games are indoor activities. About 75 per cent of all college men are in physical training classes or athletics.

Mrs. Bernice Laughery spent the week-end in Amarillo with her mother who is quite ill.

Ed Weeks, formerly of Mickle's Barber Shop, is working as a guard at Pantex.

Mr. and Mrs. Elvert Laughery of Borger spent Sunday in Canyon.

For duty, duty must be done;
The rule applies to everyone,
And painful though that duty be,
To shirk the task were fiddle-de-dee.—W. S. Gilbert.

A person of real courage and daring is one who will come right out and say he doesn't like grand opera.

The nation's first newsprint plant using the common southern yellow pine is now operating at Lufkin, Texas.

The largest single contribution to the farmer's annual income in Texas comes from cotton.

One of Texas most significant industrial developments of the last few years has been the building and successful operation of the first paper mill to make news-print from Southern Pine.

Assembly Opens Candidate Race

Speer Will Give Results Of Student Council Poll

Campaigns for the leading offices of the Student-Faculty Congress swung into action last Friday in a called assembly, presided over by Superintendent J. B. Speer and Margaret Lair, temporary chairman of the council.

After the votes are cast in today's election for the major offices, Mr. Speer will have the votes counted, and will announce the winners in tomorrow's assembly.

"The president's anvil will definitely be wielded by the fairer sex," concluded Ermin Winningham as she presented Shirley Harrell. First candidate for presidency, Martha Jean Dowd, was introduced by Polly Winstead.

Johnny Harter outlined Dick Woods' accomplishments qualifying him for the office of vice-president. Lynelle Roach's qualifications for the same office were listed by Helen Jo Cox.

These nominations were made by the Student-Faculty Congress in a meeting October 20. Margaret Lair opened the house for further nominations. Since those presented were accepted by the student body, their names appeared on the polls today as the students voted.

"I appreciate the democratic attitude shown by the students in this election, and intend to use the council extensively in the war work for the coming year," commented Mr. Speer.

Canyon High School scored another big day in the Bond and Stamp-selling department Monday when according to Mrs. Helen McDonald, $46.60 worth of War Stamps and Bonds were sold.

Miss Elva Fronabarger reports that the grade school has also been aiding the war effort to a commendable extent, having sold $76.35 worth since school started.

Basketeers Play WT High Calves

Bulldogging the West Texas State High Calves in a scrimmage basketball game last Friday, the Eagles let them slip loose with a final score of 21-16.

Those in the starting line-up were: Center, Wayne Wirt; forwards, James Wright and J. Spencer Winn; guards, Calvin Sanders and Max Bosley. George Black and Bobbie Dowd substituted.

"A good game was played by the boys, but they need more practice in goal shooting," said Coach Milton Sanders.

One of the most spectacular events of the game was Max Bosley's sinking a shot that didn't hit anything but the bottom of the basket.

Another game between these two teams will be played on the Eagles' home court next Wednesday.

Goodman Directs Indian Exhibits

To correlate with an Indian unit, Mrs. A. K. Goodman, social studies instructor in the intermediate grades, has directed her fifth graders on exhibition of Indian relics and scenes.

Outstanding interest has been shown by Wayne Kelso, who made a peace pipe, a prayer stick and an Indian wigwam to be covered with the skin of a rabbit which he killed.

Sue Jennings brought a flute used in the Corn Festival dance while Bruce Winn made cards on which are explained Indian signs and symbols. June Long made a travois to complete a table scene.

Each student has designed an Indian rug on paper, has prepared a notebook, recording signs and symbols often found on Indian headboards and has pictured an Indian scene, which is placed around the room. Before this was done, clarity and understanding of those signs, symbols and pictures was not realized.

For all free reading materials, Indian books have been available and were frequently used.

"Their interest and initiative is supreme, and they have abounding ideas," assures Mrs. Goodman.

Students Organize Spanish Leagues

Electing officers and making plans for the following term, the two Spanish classes organized their clubs.

In the Spanish I Club, officers are: President, Andy Walsh; vice-president and program chairman, Ellen Sanders; secretary-treasurer, Johnny Harter; and social chairman, Tommy Thompson.

President of the Spanish II Club is Juanita Anderson; vice-president, Mary Alice Campfield; secretary, Theresa Nell Blewett; treasurer, Billie Jane Bonifield; social chairman, Helen Jo Cox; and parliamentarian, Mrs. James Jennings, who is also sponsor of both clubs.

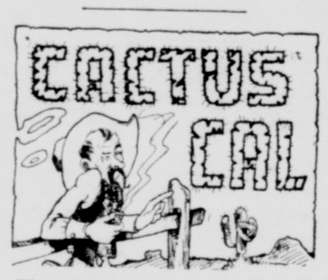
Every other Friday during Spanish class periods the clubs will meet for programs concerning Spanish-speaking peoples and their customs.

"Hey, wait for me—I'm comin' fast as ever my feet al' carry me," cries Daisy Mae and this time she means IT. And judging by Li'l Abner's worried expression, he believes it.

Rest assured, Ye Bashful Boys of Canyon High, your time is coming and it won't be long 'cause Sadie Hawkins Week starts Monday, November 1,—and lasts a whole week.

Dates are to be inexpensive but fun. So, fellows, when a gal starts toward you with "that glint in her eye," prepare yourself to accept the date and lots of fun will be ahead.

"Remember, turn about is fair play."



There's an old saying that one should believe nothing he hears, and just half what he sees; but what would be the use of lending this choice gossip if everyone followed this adage.

This is not an insinuation that Ruth Price is a gold digger, but Lindsey Taylor was either broke or badly bent when he got home one night not long ago.

Memory work for "Macbeth" made most of the seniors feel like Red Skelton when he said, "I washed by legs last night and just can't do a thing with them."

Evelyn Black is not a gal for publicity, but this is just indespencible. Inde—SPENC—ible, get it? J. Spencer Winn!

Lynelle Roach, "beautamus" junior queen nominee, just can't decide between "Chick" Wirt, Bobbie Dowd or Wayne Smith.

Now this is old, but just the same: John James Harter, The Eagle's Tale editor, gives the definition of a vocabulary as being a group of words that are not used very often. His English teacher says he's intelligent. Draw your own conclusions.

An unsung beauty roaming the campus is brown-eyed Louise Morton. What if she is a freshman?

Just between you and me and the kinfolks, Anita Davis had a date with Dana "Romeo" Persons Wednesday night. What about that Lewis Hales.

Guess Who

This guy's an athlete,
He excells in every feat;
He doesn't flirt nor dance nor woo,
And so the gals just don't pursue.
Now this handsome lad would be
A swell Lil' Abner, don't you agree?
So let us leave this dreamland date—
To the work of Sadie and Fate.

Last week's "Guess Who," was Dana Persons. Did you guess him?

"You're looking fine, Walter. These brisk autumn days are certainly bracing.

"Not only that, but I put on this winter suit today and found a quarter in the pocket."

Brown Will Lead Marching Band

"Forward march!"

This is only one of the numerous commands which will be issued by the new drum major of the Canyon High School band, Betty Brown, who was chosen last week by Miss Mary Roberts, band director.

Her helpers will be Mary Alice Campfield, Velta Speer, and Sue and Fay Dickerson.

The girls were chosen according to their twirling, their marching and their ideas of what a drum major should do.

Pupils Contribute Scrap to Drive

Proving the grade schools cooperation in the national scrap drive, Miss Elva Fronabarger, grade principal, has announced that the total number of pounds of scrap sold from the grade building was 14,526 pounds or seven tons, 526 pounds. The total amount of money received from the drive was $59.40.

To place in the contest between the rooms, each room must have contributed more than a thousand pounds. Those who attained this goal are:

First, Mrs. Stella Murrell's second grade, 3229 pounds.

Second place, Mrs. L. M. Cousins' fourth grade, 2488 pounds.

Third place, Miss Florence McMurray's fourth grade, 1053 pounds.

Fourth place, Miss Sarah Thompson's third grade, 1005 pounds.

A goal of 20 pounds per person was reached by practically all rooms, but the average for the building was more than 40 pounds per person.

"Such enthusiasm over this drive pleasantly amazed me, and the money received from the sale of the scrap will be spent for books and other school supplies," affirmed Miss Fronabarger.

Canyon High Classes Receive New Students This Week

Canyon High School has recently added several new pupils to its student body.

Prentice Baker, eighth grade, and Glynn Baker, tenth grader came from Memphis, while Ross Forbus is a ninth grader from Abilene. Hailing from Lockney are Joyce Childers and Virtis Lowe both of whom are eleventh graders.

Bob Copeland from Amarillo recently enrolled in Canyon High as a junior.

New additions to Mrs. T. W. Collins' first grade are Lanny Wilkins from Tulia and Donald Wilkins from Wichita Falls, while Eddie Lee Benson from Iowa joins the ranks of Mrs. M. S. Bishir's class.

Chief Will Direct Safety Routine

Black or Avent Will Hold School Safety Offices

To consolidate Canyon High School's fire prevention program, a "head man," or fire and air raid chief, will be elected today. Only two senior candidates, George Black and Robert Avent, are in the race. For the benefit of the student body, by whom the chief will be elected, the accomplishment of each of the candidates follows:

Lettering two of the four years that he has played football, Robert Avent is outstanding for his athletic achievements. Other sports held his interest as he has lettered in boxing one year and in track two years. Robert was president of the Hobby Club for two years.

George Black is also well known for his athletic achievements, having been a member of the basketball squad for three years. During his junior year George studied firemanship and air raid precautions in home economics. He has also had extensive training in prevention as a member of the Boy Scouts.

Officers Initiate New Members

With the atmosphere of formality providing the background for their first social of the year, the Future Homemakers of Texas will have a candlelight service tonight at 8 o'clock in the auditorium, honoring the new officers and club members. Martha Jean Dowd, mother of homemaking, and Georgia Faye Holt, this year's president, will supervise the initiation.

Mary Alice Campfield will stress courtesy; Margaret Lair will display cooperation; Martha Hannah Hammond will portray health; Carolyn Black will represent knowledge; Vergie Ruth Haines will illustrate achievement; Polly Winstead will symbolize service; and Ellen Sanders will depict the art of becoming acquainted.

Following the business meeting and formal initiation service will be a tea for the girls and their parents.

High School Library Receives Contributions from Sanders

Earl Sanders, brother of Milton Sanders, manual arts teacher, donated copies of the National Geographic Magazine of the past 12 years to the Canyon High School library.

These magazines will be bound and put into the library to be used as reference books.

I hold it true, whate'er befall,
I feel it when I sorrow most;
'Tis better to have loved and lost,
Than never to have loved at all.
—Alfred, Lord Tennyson.

Musicians Solicit Old Recordings

Any records today?
Records for Roberts,
That's just what she's asking;
Any records today?

Let that chant remind you that before you throw away your old records, send them or take them to the Canyon Public School music department." They will aid the lower classes very much," commented Miss Mary Roberts, music instructor.

Any of the following records will be appreciated: "The Bee," "March of the Toys," "Nutcracker Suite" "Toreador Song," from "Carmen," "Selections" from "Trovatore," "La Paioma," "Santa Lucia," "O So Lio," "Amaryllis," William Tell," Possini, "The Marseillaise," "Toy Symphony," Haydn, "Andante Surprise Symphony," Haydn, "Light Cavalry Overture," "Turkey in the Straw," "Yankee Doodle," "Pop Goes the Weasle," "Pomp and Circumstance" and "Babes in Toyland."

Johnson Receives Class Leadership

Under the direction of Miss Florence McMurray, the fourth grade elected as officers of their Citizenship Club: President, Don Johnson; vice-president, John Brandt; and secretary, Latrice Kiker. Four committees on safety first, thrift, character study and good manners were appointed to arrange programs for the meeting.

Each week, the four best citizens are chosen. Those who have achieved this honor are Ray Burrus, Don Johnson, Ronald Lee Hillier, John Brandt, first week; Ina Lou Wallen, Lou Goettsch, Tommy Gooch, Harvey Hill, second week; and Ronald Lee Hillier, Billie Louise Thompson, Patty Sue Ford, and Tommy Gooch, third week.

Programs include playlets written, directed and portrayed by students, illustrative stories and poems pertaining to the subject title.

"Each student is practicing good leadership and is learning the fundamentals of parliamentary procedure. Also the preparation of the programs provides interesting outside work," informs Miss McMurray.

Surprise Honors Carnival Queen

Grade Students Will Omit Regular Hallowe'en Plays

With each of its six nominees hoping that the miracle of miracles might happen so that she might be crowned Carnival Queen and reign throughout the coming year, the annual Parent-Teacher's Association Carnival will begin its festivities tomorrow night at 7:30 o'clock in the grade school and the high school gymnasiums.

Side show barkers will cry their wares in the grade school gymnasium; skaters will don their footgear in the high school gymnasium; and a full evening of fun and hilarity will begin.

Classes Choose Representatives

As in previous years, the Press Club will sponsor the crowning of the queen. Classes chose their representatives in class meetings last Friday.

Gene Cook, as senior candidate, has chosen Joe Ziegler for her escort; junior candidate Lynelle Roach selected Charles SoRelle; sophomore nominee Ellen Sanders will be escorted by James Lair; and freshman representative Sue Ann Moreman will be attended by Charles Taylor.

Eighth grade favorite, Norma Jo Currie, selected Charles Wright; and seventh grade nominee, Martha Jean Avent, will be escorted by Tommy Hunter.

In contradiction to previous procedure the grade school students will not present their regular skits in the auditorium, but will, instead, sponsor booths along with the high school classes.

Voting Closes at 9:45

Voting for the queens will close at 9:45 o'clock, and 15 minutes later, in the high school auditorium, the victorious queen nominee will be crowned.

Ending the carnival, a surprise feature in honor of the queen and her attendants will take place, directly following the crowning of the queen.

And the patience to wait for the coming of these things with the wisdom to know them when they come.—W. R. Hunt.

Pageant Already Seen Four Times Downstate Will Be Staged Here

Mrs. J. A. Hill's Patriotic Production to be Feature Of Homecoming Program

A patriotic pageant, "V for Victory," which has been staged four times downstate, will be seen here for the first time on Homecoming Day, November 7. The author is Mrs. J. A. Hill, wife of the president of West Texas State.

The pageant was first presented last Fall in Fort Worth at a meeting of the Texas Federation of Women's Clubs. In the spring it was staged, in part, for the general federation at Dallas. Enlarged to include 250 characters, it was a Parents' Day feature at John Tarleton College, Stephenville. It also was produced at Luling as a city-wide patrotic project.

The first episode of the pageant, titled "Our Changing World," depicts the conflict between the United Nations and their enemies. The second episode, "Our All for Victory," shows the many phases of the struggle for victory.

Dr. Seth Fessenden, head of the Department of Speech will direct the pageant here. He will be assisted by Miss Ruth Stapleton, a graduate student. Mrs. A. M. Meyer and the author are consulting chairmen. Miss Ada V. Clark and Mrs. Frances Bright will direct the music, Miss Margaret Barrett will supervise costuming, and Prof. John Gillis will be in charge of properties. Forty-two characters will be used.

Those attending the Missionary band services at Salem Sunday from this community were the Misses Myrtle, Florene, Loveta and Marie Evans, Evelyn, Fayrene and Anna Bell Schaeffer, Vesta Amerson,, Elizabeth Garrison; Mr. and Mrs. J. W. Wesley and Arlen Ray.

Arlen Ray Wesley spent the week end visiting his grand parents, Mr. and Mrs. J. W. Wesley.

Miss Elizabeth Garrison spent the week end visiting Vesta Amerson in the J. W. Wesley home.

Miss Ermamae Sutton from Lubbock and Mrs. Max Barnard visited in the paternal Sutton home Sunday.

Mr. and Mrs. Hollis Shipman and children and Mrs. Artie Brawner were Sunday dinner guests in the G. E. Wesley home.

Mr. and Mrs. Fred Magness entertained the Centerview Club members and their families with a "42" party. Five tables of progressive "42" was enjoyed by the elder folks and the young people enjoyed outdoor games. Refreshments were served by the club hostesses, Mrs. E. W. Schaeffer, Mrs. Dellas Zachry, Mrs. J. W. Wesley, Mrs. S. F. Sharpes, and Mrs. Chas. Sutton.

Mr. and Mrs. E. W. Schaeffer and Evlyn were shopping in Canyon Monday.

Mr. and Mrs. E. M. Wilson and sons were Sunday dinner guests in the L. H. Barnard home.

Marines Are Landing

Japs were blasted out of their positions on Florida Island during first stages of the Solomons campaign. This official U. S. Navy photograph shows landing barges drawn up along the shoreline, with reinforcements coming in from the sea. Note dense vegetation.

Pleasantview

The Stitch and Chatter Club met with Mrs. Earl Burtz Wednesday afternoon.

Miss Margarethe Meyer, who is teaching at Ozona, spent the week end in the parental Henry Meyer home.

Miss Viola Dooley from Borger spent the week-end in the Milton Dooley home.

Rev. and Mrs. Martin Hartenburger from Amarillo spent Sunday in the Albert Meyer home.

Mr. and Mrs. John Jennings and family visited Sunday evening in the J. W. Spencer home.

Mrs. D. F. Dooley and Mrs. Verge McVicken from Los Angeles, Calif., and Mrs. Aubrey Brown of Dallas spent the week end in the Milton Dooley home. Mrs. Vicker and Mrs. Brown went on to California and Mrs. Dooley is staying here for an extended visit.

Mr. and Mrs. Henry Meyer left Wednesday for Carlsbad, N. M., where they will visit friends and relatives. They plan to be gone for several weeks.

Regular dormitories on the campus of Texas State College for Women, Denton, provide college residence for approximately 1600 students.

Girl Scouts

The Intermediate Scouts met at 4:30 Thursday at the Methodist Church for their weekly meeting. After the business meeting the group played games. Folk dancing will be the next badge. They closed with a Goodnight Circle. Miss June Harvey is the leader of this group.

The Training School Brownies held their weekly meeting at the school at 4 o'clock Thursday. They chose the password for their discussion. After planning a Hallowe'en party the group closed with the Clean Up Song. Miss Panola Pankratz is their leader.

The Methodist Church was the meeting place of the Senior Troop Wednesday at 5:30. A Hallowe'en party was discussed. Miss Gail Ross is the leader of this group.

The Public School Brownies had their weekly meeting at the school at 4 o'clock. Games were played and Hallowe'en was discussed. Miss Margaret Lou Tate is their leader.

Johnson Items

Those assisting with a surprise birthday dinner for Mrs. Paul Goettsch Sunday were Mr. and Mrs. Jack Glenn and son of Canyon, Mr. and Mrs. Roy Stockett, Mr. and Mrs. Albert Dietrich and family, all of Tulia, Mr. and Mrs. W. H. Goettsch and daughter, Ernest Goettsch and children, all of Hereford, and Mr. and Mrs. E. J. Bauer and family.

Carrie Bauer accompanied Dora Tucek to New Mexico over the week end.

Willard Spiser spent Thursday night with Herschel Lowe of Canyon.

When you get into a tight place and everything goes against you, till it seems as though you could not hold on a minute longer, never give up then, for that is just the place and the time that the tide will turn. —Harriet Beecher Stowe.

Texas is well adapted to the manufacture of glass because of its abundance of gas and its ample silica deposits.

The total annual value of Texas cottonseed products, once dumped at the gins as waste, exceeds $5,000,000.

Wayside Items

The following students of the Wayside school made an "A" average during the first six weeks' school term. Second grade, Zack Pannell; sixth grade, Mary Lee McGehee; eighth grade, Mary Alice Foster; eleventh grade, Geraldine Dodson; twelfth grade Melba Kennedy.

Mr. and Mrs. John Patterson and Betty were Amarillo callers Friday. Mrs. Fannie Franklin accompanied them as far as Canyon, where she and Patricia Ann Patterson visited with Mrs. Roy Franklin.

Gloria Jean and Kerry Neil Franklin visited with their grand parents, Mr. and Mrs. W. R. Franklin over the week end.

Mrs. Fannie Franklin visited Sunday night and Monday in the M. E. Counterman home in Happy with her mother, Mrs. Ida Sluder, who has not been well for a few days, but was improving last news; able to be up part of the time.

Grady Kennedy and family are driving a good looking V-8 car.

Miss Evelyn Sluder who has been visiting in the home of her uncle, Sid Franklin and wife of Tres Piedras, N. M., arrived in Happy Sunda.

A cold wave passed over during the week end, but no ice yet.

Lions Governor on Official Visit to Club Wednesday

District Governor Murray Fly, superintendent of the Odessa public schools, paid an official visit to the Canyon Lions Club yesterday. He installed officers of the new Lions Club at Happy Tuesday.

Mr. Fly presented his dream of the future—a dream of world-wide peace. In that world he hopes for security of every home; every man having a chance to make a living; and to pay what he owes; that every man will be willing to work, and for a wage that is equitable.

All men would enjoy liberty. "What I have I would be willing for others to have regardless of race or creed," stated the speaker.

In that world brotherhood would prevail. War is not essential; war never pays. "I am my brother's keeper, and there should be no war."

Character is the most priceless thing on the earth. We should be open minded, and be able to put oneself in the place of others. Some people criticize the English, yet they never give up; they lose all the battles, but win the wars because of this tenacity.

"I believe thoroughly in preparedness," stated Mr. Fly. "We have surrendered many of our liberties, but hope to get them back after the war." America should be the best prepared nation in the world. But we must keep our high ideals and help others reach the American way of life.

Visitors were: Vernon Harmon, president of the Happy Lions Club; Dr. J. A. Hill, Dr. Lee Johnson, Dr. Harris M. Cook, Mayor W. A. Warren and Clyde Warwick.

Miss Margaret Stewart of Follett spent the week-end with D. Mac Stewart and Danny.

Miss Solomon Picture On Pantexan Cover

Given as a typical girl operator on the Booster Line at Pantex, Miss Betty Ruth Solomon was pictured on the cover of the October issue of the Pantexan, the official magazine of the plant.

A former beauty operator in Canyon, she enrolled in the school and learned to become an operator on the Booster Line. Miss Solomon and Mrs. Mozelle McDaniels were pictured throughout the edition.

Cpl. Weldon Bright is here on a short furlough. He has been in training in California and will report at Fort Sill next week to start work on officer training.
